I enjoy getting my WIC checks the way they are. I'd prefer getting less milk if you decide to add in another baby food or beans! But I wouldn't change anything because fruits & vegetables are usually less expensive & I really like the WIC's help with cheese, milk, cereal, eggs, etc. Thank you WIC!

Dear Friends at US Department of Agriculture,

Thank you for adding fruits and vegetables to the WIC checks. If you can add Grains and Pasta, my family loves to eat them, but it has been expensive to buy them. Now I will be able to make healthier meals for us.

Sincerely,
